Subject: RE: Need time on Shawn's calendar - discussion on injection wells

I ran this by Shawn. We probably can do the 3:30 timeslot as long as they know that it might start late (the Administrator will be enroute and we do not know if her 3:00 briefing will start on time). Just to confirm that this is THE only time the Congressman has available tomorrow, right? Is it possible to schedule this for next week? Also, if it is tomorrow, Shawn will need briefing papers in the a.m. (who would do these?) Do we know exactly what the Congressman's concerns are? How did this come about?

Sorry for asking so many questions.

Thanks.
Janice

The congressman only has until 4 pm tomorrow, so they are hesitant to move it to 3:45, for fear we won't get through all of the info.

Jess,

Shawn will be on a Dimock call with the Administrator that should end at 3:15. I am afraid that this might not end on time. Can we ask for a 3:45 start?

Thanks.
Janice

Is 3:30 still available for tomorrow? That is the only time Congressman Thompson is available.

Jessica,
Sorry to not get back sooner. How 'bout Thursday at either 11am-12pm OR 1:30pm-4pm.

I am trying to set up a conference call with Jon C, Shawn, and Congressman Thompson this week to discuss injection wells. I have talked with Shawn and he agreed he would participate in a call. Can you give me a few options where he might have a 30-minute block of time for the call this week? I'm working with the congressman's scheduler as well.

Thanks!
